

02 Using VoucherBank

Overview

After signing in, users are redirected to the Home page, where they can browse available vouchers, manage their shopping cart, redeem vouchers using reward points, and access their redemption history.

The Home page serves as the main starting point for all voucher-related activities.

Navigation Bar

The navigation bar is available throughout the application after signing in and provides quick access to frequently used features.

Users can access the following features:

- **Shopping Cart** – Select the shopping cart icon to open the Cart page, where vouchers added to the shopping cart can be viewed and managed.
 - **Redeemed Vouchers** – Select the wallet icon to open the Redeemed page and view previously redeemed vouchers.
 - **Profile** – Select the profile icon to open the Profile page, where personal information can be managed or the user can sign out of VoucherBank.
 - **Admin Dashboard** – Available only to administrator accounts for managing vouchers, users, and platform analytics.
-

Finding and Viewing Vouchers

The Home page displays all available vouchers as individual voucher cards.

Users can browse vouchers by selecting one of the available categories:

- All
- Food
- Entertainment
- Fitness
- Computer
- Lifestyle
- Travel

Selecting a category filters the displayed vouchers to show only vouchers within the selected category.

Each voucher card displays:

- Voucher image
- Voucher title
- Short description
- Reward points required
- Voucher status

To view complete voucher information, select any voucher card. A voucher details window will open displaying:

- Voucher image
- Voucher title
- Full voucher description

- Reward points required
- Terms and conditions
- Redemption limit
- Expiry date

Available vouchers can be added to the shopping cart or redeemed directly from either the voucher card or the voucher details window.

Voucher Status

Every voucher displays its current availability.

Available

Available vouchers can be added to the shopping cart or redeemed immediately.

Expired

Expired vouchers remain visible but cannot be added to the shopping cart or redeemed.

Out of Stock

Out-of-stock vouchers remain visible but cannot be added to the shopping cart or redeemed until additional stock becomes available.

Managing Your Shopping Cart

Select the **shopping cart icon** in the navigation bar to open the Cart page.

The Cart page displays all vouchers that have been added but have not yet been redeemed.

Users can:

- Increase the quantity of a voucher.
- Decrease the quantity of a voucher.
- Remove vouchers from the shopping cart.
- Redeem all vouchers during checkout.

The shopping cart is updated automatically after each action.

Redeeming Vouchers

Vouchers can be redeemed from:

- A voucher card.
- The voucher details window.
- The Cart page during checkout.

Before redemption, VoucherBank displays a confirmation dialog.

A voucher can only be redeemed when:

- The user is signed in.
- The voucher is available.
- The voucher has not expired.

- The voucher is not out of stock.
- The user has sufficient reward points.

After successful redemption:

- The required reward points are deducted from the user's account.
- The redeemed voucher is added to the Redeemed page.

Viewing Redeemed Vouchers

Select the **wallet icon** in the navigation bar to open the Redeemed page.

The Redeemed page displays all successfully redeemed vouchers.

For each redeemed voucher, users can view:

- Voucher name
- Redemption date
- Quantity redeemed

Users can review their redemption history at any time.

Downloading Redeemed Vouchers

Redeemed vouchers can be downloaded as PDF files from the Redeemed page.

Each downloaded PDF contains:

- Voucher information
- Redemption details
- A QR code for voucher verification or redemption

Using the AI Assistant

The AI Assistant can be accessed by selecting the chatbot icon located at the bottom-right corner of the application.

The chatbot answers questions related to VoucherBank, including:

- Account access
- Voucher browsing
- Shopping cart
- Voucher redemption
- Redeemed vouchers
- User profile
- Administrator features

The chatbot only provides information related to VoucherBank and does not answer unrelated questions.
