

04 Admin Guide

Overview

The Admin Dashboard allows administrators to manage vouchers, view registered users, and monitor voucher redemption activity.

Administrator accounts have access to all standard user features, together with additional management tools available through the Admin Dashboard.

Accessing the Admin Dashboard

Administrator accounts can access the Admin Dashboard by selecting the **settings icon** in the navigation bar.

The Admin Dashboard is only available to administrator accounts.

Dashboard Sections

The Admin Dashboard contains three sections:

- Vouchers
- Users
- Analytics

Administrators can switch between sections by selecting the corresponding tab.

Managing Vouchers

The **Vouchers** section displays all vouchers available in VoucherBank.

Administrators can:

- Add new vouchers.
- Edit existing vouchers.
- Delete vouchers.

To add a new voucher, select **Add Voucher** and provide the following information:

- Title
- Description
- Image URL
- Reward points required
- Voucher category
- Terms and conditions
- Redemption limit
- Expiry date

After completing the required information, select **Add** to create the voucher.

To modify an existing voucher, select **Edit**, update the voucher information, and save the changes.

To permanently remove a voucher, select **Delete**.

Managing Users

The **Users** section displays all registered VoucherBank users.

For each user, administrators can view:

- Email address
- Account role
- Account creation date

This section provides administrators with an overview of registered users within VoucherBank.

Viewing Analytics

The **Analytics** section provides an overview of voucher redemption activity.

Administrators can view:

- Top redeemed vouchers.
- Redemption trends over time.
- Voucher redemption by category.

These analytics help administrators understand voucher popularity and redemption patterns.

Administrator Permissions

Administrator accounts can access all standard user features, including:

- Browsing vouchers.
- Managing the shopping cart.
- Redeeming vouchers.
- Viewing redeemed vouchers.
- Managing their profile.

In addition, administrators have access to the Admin Dashboard for managing VoucherBank.
