

05 Frequently Asked Questions

Account

How do I create a VoucherBank account?

Select **Sign Up** on the authentication page and register using your email address and password.

Can I sign in using my Google account?

Yes. VoucherBank supports Google Sign-In.

How do I sign in?

You can sign in using your registered email address and password or your Google account.

How do I sign out?

Select the profile icon in the navigation bar, choose **Logout**, and confirm the logout request.

Can I change my email address?

No. The email address used to register your account cannot be changed.

Vouchers

How do I browse vouchers?

Browse vouchers from the Home page. You can filter vouchers by selecting one of the available voucher categories.

How do I view voucher details?

Select any voucher card to open the voucher details window.

What information is shown in the voucher details?

The voucher details window displays the voucher image, full description, reward points required, terms and conditions, redemption limit, and expiry date.

What does “Expired” mean?

The voucher has passed its expiry date and can no longer be redeemed or added to the shopping cart.

What does “Out of Stock” mean?

The voucher has reached its redemption limit and is temporarily unavailable for redemption.

Shopping Cart

How do I add a voucher to my shopping cart?

Select **Add to Cart** on any available voucher.

How do I open my shopping cart?

Select the shopping cart icon in the navigation bar.

Can I remove vouchers from my shopping cart?

Yes. Vouchers can be removed from the Cart page.

Can I change the quantity of vouchers in my shopping cart?

Yes. Voucher quantities can be increased or decreased from the Cart page before checkout.

Voucher Redemption

How do I redeem a voucher?

Available vouchers can be redeemed from the voucher card, the voucher details window, or the Cart page during checkout.

Why can't I redeem a voucher?

Voucher redemption may not be available because:

- You are not signed in.
- The voucher has expired.
- The voucher is out of stock.
- You do not have enough reward points.

Do I need to confirm before redeeming a voucher?

Yes. VoucherBank displays a confirmation dialog before redeeming a voucher.

What happens after I redeem a voucher?

The required reward points are deducted from your account and the redeemed voucher is added to the Redeemed page.

Redeemed Vouchers

Where can I view my redeemed vouchers?

Select the wallet icon in the navigation bar to open the Redeemed page.

Can I download my redeemed voucher?

Yes. Redeemed vouchers can be downloaded as PDF files from the Redeemed page.

What does the downloaded PDF contain?

The downloaded PDF contains the voucher information, redemption details, and a QR code for voucher verification or redemption.

Profile

How do I open my profile?

Select the profile icon in the navigation bar and choose **Profile**.

What information can I update?

You can update your username, phone number, address, and profile picture.

What profile picture formats are supported?

VoucherBank supports the following image formats:

- JPG
- JPEG
- PNG

How do I save changes to my profile?

After updating your profile information, select **Save** to apply the changes.

Admin Dashboard

Who can access the Admin Dashboard?

Only administrator accounts can access the Admin Dashboard.

How do I open the Admin Dashboard?

Select the settings icon in the navigation bar.

How do I add a voucher?

Open the **Vouchers** section, select **Add Voucher**, complete the required information, and select **Add**.

What information is required when creating a voucher?

Administrators provide the following information:

- Title
- Description
- Image URL
- Reward points required
- Voucher category
- Terms and conditions
- Redemption limit
- Expiry date

Can administrators edit vouchers?

Yes. Existing vouchers can be updated by selecting **Edit** from the Vouchers section.

Can administrators delete vouchers?

Yes. Existing vouchers can be removed by selecting **Delete** from the Vouchers section.

What information is available in the Users section?

The Users section displays each user's email address, account role, and account creation date.

What analytics are available?

The Analytics section displays:

- Top redeemed vouchers
- Redemption trends
- Redemption by category

AI Assistant

What can the AI Assistant help me with?

The AI Assistant answers questions related to VoucherBank, including account access, voucher browsing, shopping cart, voucher redemption, redeemed vouchers, user profiles, and administrator features.

Can the AI Assistant answer questions unrelated to VoucherBank?

No. The AI Assistant only provides information related to VoucherBank.
